## CLEAN

Modern Yard CLEAN from in & out.

#### **NO HARM**

The installation features groove and slot design which leave a smooth surface without nails and screws. Avoiding the dangers of scratches and collisions.

#### **PRIVACY**

The fence boards are connected with slots, leaving no gaps in between. Modern Yard protects privacy and prevents peeping.

#### **STURDY**

The post constructed with 16 -guage thickened carbon steel material and 3.25-inch width. It can effectively prevents accidents caused by physical impact or natural disasters.

#### **MODERN YARD**

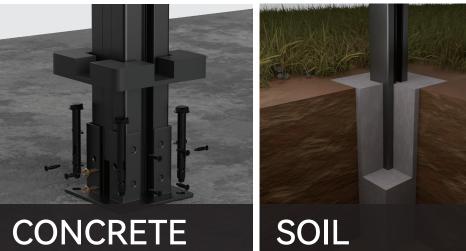

#### A NEW SOLUTION

Based on the various drawbacks of wooden fencing mentioned earlier, our research and development team has strived to create a product that not only addresses these issues but also excels in quality and performance. The Modern Yard offers the appearance of natural wood with a modern, sophisticated aesthetic. Its texture is more robust and smooth, free from cracks and splinters. It matches the weight of high-quality redwood, providing the same substantial feel.

## EASY Modern Yard Easy fit all needs.
